

What is GA GMIS?

GMIS is quite simply the professional organization for public sector Information Technology departments. GA GMIS is the Georgia Chapter of GMIS International.

MEMBERSHIP The GA GMIS membership is comprised of city and county IT Directors and their staff from across the state of Georgia. Our association is comparable to the Georgia Finance Officers Association.

PARTICIPATION There are two key avenues to participation in GA GMIS. The first avenue is our state chapter conferences. GA GMIS meets twice yearly in the spring at St. Simons Island and the fall in Savannah. The second avenue to participation is through our email list, the GA-GMIS Listserv.

FALL 2009 GA GMIS CONFERENCE: SAVANNAH

**RACING INTO THE FUTURE:
Driving IT Home**

Do you ever feel as if you are constantly spending money on technology and about the time you get used to the new gismo it is time to change again? Has information technology become synonymous with spending money? If so, your government needs to be at the fall GA GMIS conference.

The GA GMIS Fall conference takes place October 5-8, 2009 in beautiful Savannah,

Georgia. The theme of the fall conference is **Racing Into the Future: Driving IT Home**, and will focus on the myriad of changes that will evolve in information technology in the next 10 years.

Put your IT staff in the drivers seat. GA GMIS conferences are a place for your staff to learn from the success and failure of other IT Departments through out the state. Whether your IT Department is in the lead or just trying to stay up with the pack, the GA GMIS Fall Conference will show them what issues are just around the curve.

GA GMIS & Carl Vinson Institute: A Great Team

GA GMIS is partnered with the Carl Vinson Institute of Government at the University of Georgia to provide leadership training for your IT staff. The first two days of the spring and fall state conference is dedicated to technology and leadership training which is facilitated under the guidance and direction of the Institute. Classes keep IT professionals current on the latest leadership and technical information, all from a local government perspective. Participants who complete the program of study are awarded the ITLP Certificate.
